Re: Inergy Propane LLC dba Pulver Gas
233 Butter Lane
Bridgehampton, NY

To Whom it May Concern,

I am filing for the pre-submission process for the above referenced project. We are taking down an existing 1 story storage barn, constructing a new one story office building with storage for the Pulver Gas Company and upgrading the parking at the site. The new office building will be constructed of metal studs, steel and wood framing and poured concrete foundation. The exterior materials are going to match the existing buildings which are cedar shingles, asphalt shingle roofs and double hung windows. Thank you for your help in this matter.

Very Truly Yours,

Ronald Kuoppala, RA
